OKIPAGE® 8z

DIGITAL LED PRINTER

The cost-effective desktop solution for personal, business-class printing

Versatile personal printing for the way you work.

The OKIPAGE® 8z, with its ultra-compact design, fast 8 ppm output, and low operating costs, is the ideal printer for any desktop – in the corporate office, home office or classroom.

Big savings that go directly to your bottom-line.

The convenience of desktop printing has never been more affordable! For just pennies a page you get precision printing and business-class performance.

And, under normal business usage, the unique 2-piece consumables design of the OKIPAGE 8z gives it a lower cost of ownership than other leading printer models: up to 45% less than the average inkjet and up to 25% less than most laser printers.

Greater connectivity for your convenience.

The OKIPAGE 8z is simple to set up and control: a parallel connector enables easy setup and control right from your PC via Windows®. And a built-in USB connector allows you to work from a PC or laptop with Windows 2000/98, or a Mac® running OS 8.1 or later.

Professional output to enhance your appearance.

With the OKIPAGE 8z Digital LED Technology you can always be sure of clear, sharp output at 600 dpi-class quality, with a first page out in just 13 seconds or less.

Its 2 MB of on-board memory enables you to print many kinds of documents, from simple reports and correspondence to increasingly complex contracts, presentations and web pages.

Plus, a variety of built-in, business-class features can be managed effortlessly from the convenience of your screen: customizable watermarks, multiple *n*-up printing, reverse-order printing, negative and mirror imaging and toner-saving print modes.

Industry-leading reliability you can count on.

The simple design of Digital LED Technology gives the OKIPAGE 8z its long-lasting reliability. And OKI will protect your investment with a 1-year Overnight Exchange[1] warranty, a 5-year printhead warranty, affordable service enhancement options, and toll-free 7x24 technical support.

[1] Available in the U.S. and Canada only.

OKIPAGE 8z Highlights

- Enhanced performance; fast 8ppm, 2 MB on-board memory, 13-second first-page-out
- Separate toner and drum unit for low on-going operating costs
- Dual platform support: Windows and Mac
- Built-in parallel and USB for greater connectivity
- OKI® microfine spherical toner for crisper characters and improved grey-scaling
- Smallest footprint; fits any desktop
- Lightweight (less than 10 lb.) for easy transportability
